### **SCHILLING GRAPHICS ACQUIRES REUSCHE & CO.**

*Expands Container Decorating Portfolio to Include Inks & Coatings*

**Galion, Ohio:** Schilling Graphics, a premier provider of screen fabrication services and solutions to the screen printing industry for more than five decades, has acquired Reusche & Co., a division of Trans World Supplies, Inc. of Greeley, Colorado. Douglas Schilling, President and CEO of Schilling Graphics said, "Reusche & Co., now Reusche Inks & Coatings, has provided decorating solutions through an expansive selection of brilliant colors in enamels and inorganic inks for glass and ceramics for well over 100 years."

"Reusche Inks & Coatings have a wealth of experience and an excellent track record in supplying high quality inks for custom decorating on a wide variety of containers in the beverage, cosmetics, tabletop, stained glass, electronics and pharmaceutical industries," Schilling added. "We're also pleased that we'll have the continuing expertise of Jon Rarick, founder of Trans World Supplies and previous owner of Reusche & Co. on our staff."

The glass enamels provided by Reusche have been used in art glass decoration in many outstanding U.S. and international buildings including stained glass artist Tom Holdman's massive Roots of Knowledge mural at Utah Valley University which consist of eighty stained glass panels standing at 10 feet high and 200 feet wide.

"We're pleased to become a part of Schilling Graphics," Rarick says. "We believe we can make an important contribution to their growth as an industry leader with the addition of the new inks and coatings division to their business segment portfolio. The potential is tremendous".

### **About Schilling Graphics**

Schilling Graphics is the leading source of solutions for screen printers for more than five decades across multiple industries with significant penetration in automotive and architectural markets. Headquartered in Galion, Ohio Schilling Graphics operates five regional locations throughout the country. The company also offers a complete line of print room supplies.
